Susan has a theory that these types of emergency situations only happen on Friday afternoon. She seems to be right most of the time. Nevertheless the Internet team, led by Susan, always seems to come thru in the clutch with a smile.

Got it Matt. Susan Fagan is already on it. Implementing the redirects shouldn't take more than an hour. We'll let you all know when it's done.

Steve, Harvey and Matt,

As discussed with Nancy, we would like the content at the links below removed and archived as soon as possible.

The removed climate change pages will be replaced with a custom page that will explain why the change is happening, include a link to the January 19, 2017 snapshot of the EPA website, and a link to the press release we'll be putting out.

The clean power plan pages will be redirected to the newly posted energy independence pages.

We appreciate your assistance in this time-sensitive matter.

Please let us know if you have questions.

Thank you
